REMARKS

In this paper, Applicants are submitting their Information Disclosure Statement as evidenced by the four (4) sheets of listed documents on Form PTO/SB/08A (01-08) [3 sheets] and Form PTO/SB/08B (01-08) [1 sheet] provided herewith.

According to the December 22, 2009 Office Communication (page 3) issued in this application:

The information disclosure statement filed on September 18, 2008 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered. Specifically, references 20-25, 42-47, 50, and 51 have not been considered, because a copy of these foreign patent documents or non-patent literature publications has not been provided.

Included herewith are 19 non-U.S. patent documents listed on these sheets which include the ten (10) non-U.S. patent documents referred to in the December 22, 2008 Office Communication.

Because of the volume of pages in the nineteen documents being submitted, Applicants are filing this IDS by Express Mail and they intend to file by facsimile transmission their June 22, 2009 Amendment Under 37 C.F.R. §1.115.

It is respectfully requested that the documents listed on the accompanying four IDS forms be made of record in this application and that the Examiner consider each document in determining whether to allow any claims in this application.

In the event that any other fee or fees are due in connection with this paper and filing, The Patent and Trademark Office is hereby authorized to
